Dr. Artur Jurczyszyn  
4/26 Tadeusza Szafrana Str.  
30-363 Krakow, Poland

Dear Dr. Jurczyszyn,

Thank you for your kind letter. It was a pleasure meeting you at the XII International Myeloma Workshop in Washington. Our discussion about the recent advancements in Multiple Myeloma treatment in Poland was intriguing, and I applaud your dedication and ongoing research associated with the disease.

Additionally, I am honored to have been asked to be a part of the Myeloma Treatment Foundations Scientific Board. You will find my CV and a packet detailing the structure of our program here at Dana-Farber enclosed. I hope that you will find this to be helpful in setting up your treatment center.

With our perseverance and determination I firmly believe we will one day achieve our goal of a cure for Myeloma. I look forward to hearing from you in the future.

Sincerely,

Paul Richardson, MD
